BLANKET PURCHASE AGREEMENT (BPA)

A. AUTHORITY

This is a Blanket Purchase Agreement (BPA) awarded in response to RFQ 68HERH19Q0029

B. PURPOSE OF BPA

The purpose of this BPA is to establish arrangements for ordering patent services for the award's period of performance. Upon issuance of BPA(s) the Contracting Officer will be issuing subsequent Call Order(s). The Environmental Protection Agency (EPA) has a requirement to acquire patent services. BPAs will provide a contracting vehicle to award Call Orders. These BPAs will provide a qualified set of contractors with predetermined services which can be utilized by EPA.

This BPA establishes the terms and conditions applicable to potential future purchases for BPA calls under this agreement. EPA's objective in establishing this Agreement is to reduce the Government's administrative costs and to eliminate unnecessary duplication of paperwork that can result when repetitive purchases of items are made from the same contractor.

A BPA is an Agreement, not a contract. The Government is not obligated to purchase any definite amount under this BPA. If a need arises, an authorized representative of the Government may issue an order following the procedures outlined in the BPA. If the BPA-holder accepts the order, then a binding contract between the Government and BPA-holder will exist for that specific order. If the BPA-holder refuses to accept orders or to furnish quotations in compliance with the terms of the BPA, the Government reserves the right to cancel the BPA. The BPA will not include a minimum guarantee amount or minimum order guarantee.

C. TERMS AND CONDITIONS

Agreement: This is a pre-priced BPA for non-personal services. Under this BPA, the contractor/supplier shall provide all equipment, tools, materials, supplies, transportation, labor, supervision, management and other incidentals necessary to meet the requirements as stated in the Statement of Work (SOW). These services will be ordered by the Contracting Officer (or authorized representative of the Contracting Officer) during the five (5) year duration of this BPA.

Maximum BPA Values: Individual Call Orders placed under this BPA shall not exceed \$250,000.00 per Call Order. The amount of all Call Orders shall not exceed \$800,000.00 combined for all BPA Call Orders.

The maximum BPA values applicable to this BPA for each period are as follows:

| | Performance Period | Period Ceiling |
|-------------|-------------------------|----------------|
| Base Period | 06/17/2019 – 06/16/2020 | \$160,000 |
| Option 1 | 06/17/2020 – 06/16/2021 | \$160,000 |
| Option 2 | 06/17/2021 – 06/16/2022 | \$160,000 |
| Option 3 | 06/17/2022 – 06/16/2023 | \$160,000 |
| Option 4 | 06/17/2023 – 06/16/2024 | \$160,000 |

Effective Period: The effective period of performance for this BPA is June 17, 2019 through June 16, 2020.

Delivery Requirements: All items shall be shipped FOB Destination to the address specified in the Call Order.

Ordering and Payment: BPA Call Orders will be issued to the BPA Holder based on the expertise in the area stated in the Call Order. The Government reserves the right to compete the Call Orders among BPA holders. Payment shall be made based on successful delivery, inspection and acceptance of the identified items in accordance with FAR 52.212-4(i).

Extent of Obligation: The Government will be obligated only to the extent of authorized purchases made under this BPA by authorized personnel.

Funds Obligation: The BPA does not obligate any funds. Funds will be obligated on each Call Order.

BPA Term: The maximum period of performance of this BPA is five (5) years from the date of BPA execution. This maximum period may be extended by a maximum of 6 months if FAR clause 52.217-8 is exercised. The BPA will be reviewed annually to ensure that it still represents a “best value”. At the sole discretion of the Government, the Government may exercise the Option Periods in accordance with FAR 52.217-9.

Pricing Terms: Pricing in response to all Call Orders shall be consistent with (i.e., equal to or less than) the pricing stated in the BPA for the effective BPA period. The Pricing Lists will be reviewed annually to determine if they are consistent with the rates offered by the Contractor on the open market. Refer to Price Reduction below.

Discounted Rates: The Contractor is encouraged to offer discounts to be issued under this BPA.

Out-Year Prices: Pricing Lists are governed by the applicable BPA period.

Price Reduction: Any pricing under this BPA shall be consistent with (i.e., equal to or less than) prices offered by the Contractor in the commercial open market. If at any time the prices offered by the Contractor in the commercial open market become lower than the prices in this BPA, this BPA will be modified to include the lower prices.

Precedence: The terms and conditions included in this BPA apply to all Call Orders issued against it. In the event of an inconsistency between the terms and conditions of the BPA and the Contractor's invoice, the BPA terms and conditions will take precedence.
